Re: Pagani Zonda Replica

Posted by Marty J - 2014/09/07 19:17

Great fabrication skills.

Which make of car is the windscreen from ?

Where have you been hiding?

Pretty impressive..

Whos building it?

Has it got anything to do with mr2? engine?

@ Marty j - its a windscreen from a Lotus Elise

@ Spla300 - My health hasn't been good god a knee replacement to I haven't been around much The engine is from a Mercedes S600 the same engine that Pagani uses in there Cinque but pagani just bump up the horses

@ Quandry - no worries will keep you posted on the build

@ Quandry - Here you go

<http://carbuying.jalopnik.com/how-to-make-a-used-mercedes-sound-like-a-pagani-zonda-1611782156>

@ Ricky - this isint my Zonda I only have the plans printed up

@ spla300 - cheers mate my health is most important so will be doing this in my spare time

@ Cashy - This not my car its a friend in South Africa that built it but im going along the same lines
