Its with great regret that im selling my 355 kit due my poor health its would be a shame for me to leave the kit lying around as I would like to see somebody built it and to tell you the truth its an easy kit to fit

The Kit

Passenger side skirt
Drivers side skirt
Drivers door
Passenger door
Front bonnet
Front bonnet lip
Engine lid
Passenger/Drivers mirrors
Front bumper
Rear bumper
All metal brackets to bolts the kit on

Genuine Ferrari 355 bits

Ferrari 355 Petrol cap
Ferrari 430 screw petrol cap

Extras

18" black alloys with chrome lip and tyres

Wheel spacers
Ferrari fiberglass dash and air vents

The base car that the kit will go on is as follows

I will assist anybody that needs help in building this but to be honest the kit just bolts on to the panels that you take off really

The kit has only ever been dry fitted by Spla300

€2500 with mr2 car

€1500 for the whole kit ex the mr2 car
