

## WTB a project car - NA or Turbo.

Posted by jiffy - 2016/05/11 18:04

---

I'm looking for a project car pref Turbo but consider NA. 94 onward(ish). Is there anything specific to MR2's that I should be looking out for with either car when viewing or testing one?

Thanks,  
Matt.

ive a yellow rev2 ...1993,,turbo  
new hand brake cables  
rebuilt calipers  
new link,,balljoints,,drive seal...  
basicallly ready for nct

has a few strut bars,,leads,,bov,,performance twin exhaust & few bits like that

.  
the release bearing is bad & gearbox has a leak from the filler hole so needs a new housing or get welded

(personally im looking for a box to just put in)

.  
.   
1750e  
.   
.

ill send pics if you want to see it

Hi, that would be great if you could :)

Thanks!
