Good condition, driven daily.

Replacing all break discs and new steering rack this week.. Running very well apart from that.

Based in Mayo.

Full leather seats, CD player, alloys.

Paint has faded. needs a compound but will let the new buyer do that if they wish.

Will let go it go for €1,500 if someone wants to fit the discs and steering rack.

Two more photos there..

Mileage around 120,000 miles (will get exact later)

T-Top leaks.. Yes.. But easy enough to fix using cling film and sealant.

I am putting on four new break discs and pads and new steering rack today..
