

I'm Back

Posted by Padraig - 2019/01/03 08:22

How's things everybody? I'm back! I bought a tin top there at the weekend I'm delighted with it had to strip her of an alarm gone wrong to get her to fire up. She fired but running rough misfiring and all that but hopefully she will be fine! Anybody any ideas what to check out on that cheers!!

Welcome back Pad, nice to have a new project for 2019. What colour is she?

Check the spark plugs, leads and distributor.

If the MR2 has been sitting for a long time, try putting some fresh petrol in the tank.
