

After months of neglect..... Pic heavy

Posted by GazRev1Tubby - 2013/04/07 22:07

The first decent day of the year inspired me to get the hose out, and treat the old girl to a bit of tlc.

The winter months hadn't been kind, and she was looking sorry for herself. A few hours of elbow grease, and she's back fighting fit again :yes:

Hope you all enjoyed your weekend.....
