

Aftermarket front splitter for Sale

Posted by RR87 - 2015/09/05 16:21

I'm finally putting my aftermarket front splitter for sale. I have not used it in ages and really don't see any reason to keep it.

If you are interested, send me your best offer and it's yours!

Here are some photos taken today:

Interestingly enough, it's still for sale.
€40 firm. Whoever comes to pick it up first owns it!
