

Please help no 47 error code

Posted by cozz90 - 2015/11/28 16:56

After 3 years off driving my mr2 it has let me down for thr first time. Its running like a pig and the engine light is up on the dash. I did the flash codes and i got number 47. I cant find it on google does anybody on here have any idea what this code is?
