

Looks mean

Posted by Quandry - 2010/03/18 10:00

Looks like a bad ass MR2 Drift car from Japan..

Paint it matt black and it would be well hard. So hard you could only get out of it with a sawn off shotgun in your hand :cheer:

haha

Notice how the wing is stuck to the body? It also looks like there might be a slight cut out so that you can still open the boot, or maybe that is just the angle of the photo?
