they were custom made for the seats eringobragh
put on then by hand stiched around the levers and knobs
picked out the cloth my self manhattan black...thats as much as i done apart from taken out the seats
then boltin them back inn when they had been covered..i dunno
if u remember the classic car seat covers from the 90's? well it turned out the woman responsiable for all
a them is still in business and livin at the end of my street more a less and done them custome for
me...there great and will tide me over till i get a really decent set outta a well kept 2.. i hope :)
