

A/C radiator?

Posted by b4ss - 2014/07/18 21:12

Anyone have one in good nick, need one urgently....
Any other parts all accepted too - time to put this rev5 back on the road :P

I have one not in the best condition some of them rows are falling out but it dosent leak,
free to good home if you want it.

Hi B4ss, I ordered this one from US, had it within a week
It's a proper Denso part

http://www.ebay.co.uk/itm/DENSO-477-0534-Condenser-/251118330882?pt=Motors_Car_Truck_Parts_Accessori

going to fit it tomorrow, you can see my old one on the ground, it's is holding gas but it's pretty bashed
up ... but you are more than welcome to it!

Ah no worries I may as well get a new one then so...
Thanks,
