I'll put up bits as I take them off, a good few parts are sold already.

HKS SSQV With Adaptor - 120

Greddy Boost Gauge - 80

Hids - 50

Greddy Turbo Timer - 70

Rev 3 Rear Lights and Center Panel - 150

Pictures later this evening of the car as is.

Pictures later today 18/02/15

There a bit dirty from being in the shed but they'll clean up well.

Sorry haven't logged on in ages.

Drives and intercooler are gone as is the shell and most other bits.

I've a few boxes of stuff left (starter etc) that I'll get pictures of and post up tomorrow

Bump with pictures.

Everything in the pictures is there.

Alternator was left out side (oops) and seized but I think Crmr2 is taking it

Hey, still there but I honestly don't know, its a few months since I seen them lit. Is there a serial or anything I can check?

Would the four bulbs be dual filament or something I can figure looking at them? The shell is long gone at this stage.
