

Turbo exhaust system

Posted by the-band!t - 2018/05/05 20:55

Hi,

I'm looking for an exhaust for my turbo.

I'd like to get a blitz nur spec or berk exhaust if anyone has one??
May be interested in others.

Cheers.

Thanks for the reply guys. I already have a kakimoto single exit so only other single exit of go for is the

blitz nur spec sorry. The mongoose looks clean but I'm still thinking of holding out a while to see if a berk or hks something comes up as I'm not in a rush.

Cheers
