

MR2 feature in Retro Classics

Posted by corkmr2 - 2018/10/02 17:44

This months edition of Retro Classics magazine has an MR2 feature, two BEAMS mk2's that were turned into track cars. Not sure if the owner is a member here or not?

No problem :)

It's a nice little publication actually and totally Irish owned and made so well worth the few quid. I hope you enjoy the feature now!
