Hi Marty,

With this installed, do you need to throw out the original one?

Hi Juliuswws,

This Cusco brace can be installed along with the original Toyota brace.

Thanks!

I'll come back to you.

By the way, do you know where is everyone? Is there a facebook group or something?

Not sure where everyone is these days.

I don't go on Facebook much. Imoc UK still has a good following.

I was camping in Blarney, Cork last week, but I can't see myself near Kildare any time soon.

I'm sure it wouldn't cost too much to post as it's not that heavy.

Hey Marty,

Is this still available?

---

Hey Marty,  
Hope you are well!

I would like to buy it than. Are you ever coming near Co.Wexford? Gorey or around Arklow

Cheers

I'm not receiving notifications, so I didn't know you replied.

Unfortunately I won't be doing much travelling this year.

If you want it posted, send me a pm with your details and I will get a cost for postage.

Got it installed today. Perfect fit, thanks again Marty  
Gave it a quick respray as blue wouldn't suit my engine bay at all.  
<https://i.imgur.com/6Y2CCILh.jpg>

Nice addition to my custom DIY front one.
